EXPERIENCE

The Land Trust for Tennessee

Glen Leven Project Manager
2022-2023

- Solely responsible for management and maintenance of Glen Leven Farm 64 acre property and home built in 1857. Responsible for project management, service provider and contractor scheduling, equipment maintenance and logs, as well as records for those activities. Historic education and guidance for adult tours, field trips, and volunteer groups.
- Served as contact point for key historical partners (e.g. Tennessee Historical Commission, MTSU Center for Historic Preservation) and as a resource for Land Trust for Tennessee owned or easement properties with historic value. Assist Glen Leven education and outreach staff with historic program development and implementation.
- Oversaw the ongoing restoration of Glen Leven Farm's spring house after severe damage in 2020, including coordinating with engineers, architects, masons, and contractors. Coordinated with local and state governments including Tennessee Historical Commission and TN Dept. of Transportation to obtain necessary permits and permissions.

Rebuilding Together Nashville
